Finance: We reviewed from the Agenda the criteria we need to follow when spending SAC money and how it needs to be connected to our SSP goals. Dan will speak with teachers about what their needs are in the classroom

New Business:

- **Back to School Plan:** We continued to discuss schooling during a pandemic, particularly all three options in the back to school plan (Plan A, B, C), and the accessibility of technology for all families. It was

noted by the chair that she is not in favour of families with multiple school-aged children only getting one Chromebook.

- **Sending of SAC funds:** It was moved by David K. and seconded by Sherry F. that SAC funds be used to purchase diversity books for classrooms.

- **School Advisory Council Handbook:** The revised handbook was shared and the highlights on what's different in the role of School Advisory Councils since 2018. Discussion was also held on how we can promote our SAC to the community. Dan G. will add a section in the school newsletter.
